

Join us!

On October 23rd at The Foundry, we will celebrate 35 years of equipping communities in Honduras with the skills and resources for lasting change through sustainable local development and faith-based initiatives. Together, we'll raise our glass to our next 35 years--uplifting communities through education, healthcare, agriculture, discipleship, and development.

ABOUT HONDURAS OUTREACH INC:

What began as a small mission trip to Rancho el Paraíso has grown into one of the nation's leading NGOs, impacting over 200 communities in the Agalta Valley and San Lorenzo.

A SNAPSHOT OF 35 YEARS OF SUCCESS:

- ◆ By partnering with various mission teams, we've achieved growth in our programs across education, healthcare, agriculture, community development, and spiritual life.
- ◆ Our dedication has been recognized by multiple presidents, respected associations, and local mayors, including the prestigious Francisco Morazán Award.
- ◆ HOI's Agricultural Program serves as an agricultural hub, equipping farmers with the skills and resources needed to transition from subsistence to sustainable farming.

Your support gives hope and helps us improve lives in Honduras.
